

Quality Policy

Donite Plastics Ltd are a supplier of custom moulded plastic products utilising the vacuum forming process.

The management of Donite Plastics Ltd believe quality products and service are essential for the success of the company. It is understood that quality is not a choice but a necessity.

This policy sets a framework for setting quality objectives.

The Quality Assurance System is based on "EN ISO 9001: 2015". Management at Donite commits to:

- Ensure all products meet or exceed customer, regulatory and all applicable requirements.
- Ensure product is always delivered on time.
- Ensure errors in production are minimised.
- Ensure no mistake is repeated.
- Ensure issues affecting quality are continually reviewed, revised and addressed.
- Involve all employees in the quality assurance system and help them feel part of the process.
- Establish, review and revise quality objectives on a regular basis.
- Continually improve the Quality Management System.

This policy shall be communicated, understood and applied within Donite Plastics LTD.

This policy shall be available to all relevant interested parties.
